HOME

Date:

September 30 (Fri.) – October 1(Sat.), 2022

Co-Sponsored by:Japanese Society of Enzyme Engineering
The Society of Biocatalysis Japan**Venue:**Toyama Prefectural University, Imizu, Japan
5180 Kurokawa, Imizu, Toyama 939-0398
TEL: +81- 766-56-7500

AEM2022 is planned to be held in person, but it may be held in a hybrid format due to the COVID-19 circumstances.

Topics:

- New molecular biological techniques for protein design and engineering,
- Computational tools for enzyme discovery and design.
- The design and development of bioprocesses for the production of (fine) chemicals and pharmaceuticals, and new cascade reactions & combination of reactions.
- Medical biotechnology, antibodies and metabolic engineering for bio-production.

General Chair:

Yasuhisa Asano (Toyama Prefectural University, Japan)

Important Dates

- June 30, 2022: Deadline for abstract submission
- July 15, 2022: Notification of Acceptance
- September 20, 2022: Conference Registration ends
- Sept. 30 & Oct. 1, 2022: Active Enzyme Molecule 2022
